re Pavilion security. Over the last month the Clerk has found the front or back doors to have been left unlocked overnight on at least 5 occasions – compromising our physical security needs and also potentially a GDPR issue as Parish Council records stored onsite in paper form may contain classified data. No money or computers are stored onsite. It is extremely disappointing that Pavilion users have clearly demonstrated over a protracted period of time that they are incapable of applying the simple “door locking” rules in place and the PC must therefore consider further measures. We have received a quote for further measures which will be discussed. The budget for this is manageable within existing budget approvals.

Re planting more “wild areas” in Long Crendon under the “Blue Hearts” umbrella now that Pond Piece has successfully been re-instated following the major water distribution pumps installation carried out by Thames Water. Email from Tracy Russell refers.

Request from member of the public to re-list the 8 Bells pub as an “asset of community value” as the previous listing has expired.
